### **POINT UNIVERSITY AND CINCINNATI CHRISTIAN UNIVERSITY ANNOUNCE STRATEGIC PARTNERSHIP**

**CINCINNATI, OHIO, Nov. 10, 2017-** Point University and Cincinnati Christian University (CCU) announce a strategic partnership to provide online course and degree offerings to students in the greater Cincinnati, Ohio, and tri-states region. CCU will serve as local sponsor for fully-online degree programs “powered by Point University.” CCU has also contracted with Point to provide online courses that enhance certain CCU degree programs, creating increased learning options for students.

Point University currently offers 31 fully online degree programs available in the United States. This partnership allows both Point University and CCU to advance their missions by serving an increased number of students with access to quality Christian higher education. Additional online programs will be developed for all online students in the next two years.

“We are incredibly excited to work on this innovative mutually beneficial partnership that enhances both of our institutions,” said Point University President Dean Collins. “As technology and content continue to converge, we believe this approach will be a model for future strategic arrangements.”
